MIKADO PENINSULA.

Various Veins Yielding in a
Paying Manner—Prop-
erty very Valuable.

Without any loss the owners of
No. 21, have been quietly developing
their property on the Mikado Penin-
sula, under the superintendence of
Mr. James Trotter. The following
information will be of interest to
the public. So far seven veins have
been found and partially stripped of
their upper part. The veins have
been named: (1) a small vein of 20 feet
has been struck at the bottom of a
cut in quartz, having an average of
eight to ten feet. The package of the
vein matter has only been tested by
part but so far as it has been pos-
sible to test it, the value is about
\$100 per ton. (2) a small vein of 20 feet
has been struck at the bottom of a
cut in quartz, having an average of
eight to ten feet. The package of the
vein matter has only been tested by
part but so far as it has been pos-
sible to test it, the value is about
\$100 per ton. (3) a small vein of 20 feet
has been struck at the bottom of a
cut in quartz, having an average of
eight to ten feet. The package of the
vein matter has only been tested by
part but so far as it has been pos-
sible to test it, the value is about
\$100 per ton. (4) a small vein of 20 feet
has been struck at the bottom of a
cut in quartz, having an average of
eight to ten feet. The package of the
vein matter has only been tested by
part but so far as it has been pos-
sible to test it, the value is about
\$100 per ton. (5) a small vein of 20 feet
has been struck at the bottom of a
cut in quartz, having an average of
eight to ten feet. The package of the
vein matter has only been tested by
part but so far as it has been pos-
sible to test it, the value is about
\$100 per ton. (6) a small vein of 20 feet
has been struck at the bottom of a
cut in quartz, having an average of
eight to ten feet. The package of the
vein matter has only been tested by
part but so far as it has been pos-
sible to test it, the value is about
\$100 per ton. (7) a small vein of 20 feet
has been struck at the bottom of a
cut in quartz, having an average of
eight to ten feet. The package of the
vein matter has only been tested by
part but so far as it has been pos-
sible to test it, the value is about
\$100 per ton.

No. 3, a vein named the Shore Vein,
is traceable across the whole loca-
tion. On this is a 30 foot shaft, hav-
ing three feet of ore at the bottom
forming a 100 to 150 ton lot. This is a
very promising vein looking better
and better as it is opened up.

No. 4, is known as the Daunt Vein
and is from one to two feet
wide. Little work has been done on
this but the surface pans which
over it is tried.

No. 5, is the "Mikado". Where it
descends the big No. 1 vein it is
a few feet wide and has freely. There
is little doubt that this is the big
and vein proper, being a continuous
one for the lot of 20 is now
being worked and the vein is con-
sidered over two thousand
feet long.

No. 6, is a valuable prop-
erty of the lot part of it. It is
known as the "Mikado" and is
a few feet wide and has freely.

No. 7, is a valuable prop-
erty of the lot part of it. It is
known as the "Mikado" and is
a few feet wide and has freely.

No. 8, is a valuable prop-
erty of the lot part of it. It is
known as the "Mikado" and is
a few feet wide and has freely.

PLANS FOR PENSIONS.

C. P. R. Arranging for Old
Age Grant to its Employees
W. R. Baker in charge.

Montreal, Que., Nov. 14.—The C.
P. R., is rapidly maturing its plans
for pensions to its employees for
which the sum of \$250,000 was voted
at the last annual meeting. They are
not yet complete, but W. R. Baker,
assistant to the second vice president
will be assisted by a pension board
of most competent employees.

Over 35,000 employees will be affect-
ed, and, unlike the hands of the Van
derbilt and other systems where pen-
sion funds are in force they will not
be required to contribute anything.

It is announced that a committee
of the C. P. R. trainmen, who have
been here for some weeks, have reach-
ed an agreement with the company.
A new schedule will be issued in a
few days.

NEW ONTARIO.

And Its Capabilities. Value
of the Country Greater
Than Supposed.

Those who fondly imagine that In-
diana is too well settled to have ac-
cessible lands, will be surprised to know
that only twenty per cent. of its
area is yet settled, over 80 per cent.
being still in the hands of the Crown.
There are still 100,000 square miles
unsettled, and of this a considerable
part is almost unexplored.
The province is 750 miles from the
Atlantic to the Pacific, and a thousand miles
from the Gulf of Mexico to the Canadian por-
tion of Hudson Bay, while
the southern portion is reached
by Lake Erie.

The possibilities of North
New Ontario, which contains
about 100,000 square miles, and has
at least three times as great
an area as Ontario, little till re-
cently known. In 1900 the pro-
vince government organized a num-
ber of exploration parties, who trav-
elled the country from Quebec to
the Manitoba border, and northward
to the Hudson Bay slope. The result
has been to demonstrate the fact
that a large part of the country, espe-
cially regarding its agricultural re-
sources, is far greater than had been

EAGLE LAKE PROSPECTS.

The Northern Light Com-
pany Pushing Matters
Rapidly Ahead.

All eyes interested in mining in
this district, have been turned to the
Eagle Lake prospects for some little
time, and any news from there is
eagerly demanded. The Northern
Light Co., had the chance of getting
a nice little two stamp sampling mill
for a song, this has proven invalu-
able to them, and a boon to the other
prospectors who wish to put their
sample lots of ore and get a fair
idea of what it will mill. Assaying
is well in a way. For instance it is
necessary for a mine manager, to
know the values of the different por-
tions of the mine, when he has one
but in the average prospect assays,
are prone to deceive as they give the
whole value, whereas, if seventy per
cent. of this is recoverable on the
plates, it is not to be sneezed at,
and it may pay to let the other 30
per cent. go, rather than lose time
and labor in treating it.

Mr. N. Higbee, manager of the
Northern Light Co., returned from
Eagle Lake this week and reports
everything moving along smoothly,
and rapidly. His little two stamp
has been out into perfect shape, for
another mill run, which he intends
making before Christmas. On the
Dorado, one of the Northern Light
properties, double shifts of men are
pushing down the shaft as rapidly as
it can be done. The values still con-
tinue, and the ore increasing in its
width. On M. H. 216 another of the
company's properties, sinking is be-
ing done by a single shift. Both the
and at the El Dorado, work will be
on all winter and several mill runs
will be made, from both shafts.
Their steamer "Caro" made its last
trip for the season to the different
mines on Monday the 7th inst., and
is now laid up at Vermilion Bay,
where she will be rebuilt and re-
fitted for next summer's work.

Mr. R. H. Ahn completed his
second mill run for the Baden-Powell,
at the Eldorado mill a few days ago.
This was most satisfactory. Mr. Ahn
is now sinking a new shaft, and
is finding the wonderful value
shown on the surface continuing as
he goes down. Some of the finest
specimens ever seen here came from
the surface of the Baden-Powell, and

A GOLDEN OPPORTUNITY.
 Buy things of gold is now pressing
 every shopkeeper a large assortment of
 SINGLE AND COMBINATION
 STONE RINGS
 which is better yet, selling
 at low prices.
 There's something about these rings
 that brings forth good emotions of
 devotion from all who wear them.
 And want everyone who is
 taking at really pretty things to con-
 sider and see these. There's no ob-
 ject to buy but should one wish to
 see these prices will make it easy.

D. T. Ferguson,
 C. P. R. Watch Inspector.
 Issuer of Marriage Licenses.
 WATCHMAKER, JEWELLER AND OPTICIAN

LONDON.—The Marquis of Ang-
 lesey, whose lad for jewelry and
 pantomime acting and his other vag-
 abonds are well-known, has now de-
 veloped a delicate aestheticism along
 another line. He is an enthusiastic
 automobilist and the fastest and the
 most reckless of drivers in the United
 Kingdom. He has been fined several
 times in the police court for this
 account. But there is one re-
 proach that cannot be levelled at him.
 It does not leave behind an evil
 smell as others, but the perfume of
 violets or other flowers.

meters. The big No. 1 vein, it is
 not yet well settled to have been
 a little doubt that this is the Min-
 nesota vein. It is a continuous
 vein of the ore the mine is now
 working, and upon which that com-
 pany has mined over two thousand
 feet.

The owners of this valuable prop-
 erty live on the north part in St.
 Paul, and are to be congratulated on
 their outlook.
 For the present, a Denver which is
 also in the mining line, this will
 be kept in service for the winter
 during which time spring will be
 continued. It is next spring the prop-
 erty will be so well on that a
 steam house and other machinery
 will have to be installed. Manager
 Gordon will take out a number of
 men as soon as it freezes sufficiently
 for winter travel and while he is
 very guarded in his information he
 considers the M. H. property the
 best he has seen in the district.
 There are two other great veins
 upon the property each over 100
 feet wide. These appear to be sim-
 ilar to the No. 1 vein but as little
 work has been done on them their
 values have not been ascertained.

A HATCH AT BRANDON.

CITIZENS MAY HAVE TO BUILD
 A NEW RINK—A BONUS OF
 \$1,000 IN SIGHT.
 Brandon, Nov. 14.—There is a bit
 of action in the proceedings with refer-
 ence to the acquisition of Brandon for
 ice rink to the senior series of the M.
 and N. W. League. Since the meet-
 ing of the club, and the committee
 of Winnipeggers appointed to inspect
 the rink, Manager Patton, of the
 Victoria Rink, has raised down the
 proposed improvements necessary
 to allow the Brandon team into the
 rink ranks. In consequence a meet-
 ing of citizens was held last night
 and it was suggested to build a new
 rink right away. One member of the
 group offers a bonus of \$1,000 to
 a company which would undertake it.
 A company is being organized
 today to accept, and the probability
 outcome is that Brandon will have
 a new, modern rink. A meeting of cit-
 izens is called for this evening to dis-
 cuss plans.

CANADIAN PACIFIC.

WILL CARRY A PARTY FROM
 THE NORTH ATLANTIC.
 Montreal, Nov. 14.—The Canada
 Pacific will carry this month to
 the Imperial Government, a party
 from the North Atlantic, to the Pa-
 cific station of the British navy-
 the marines, numbering forty-four
 and one officer, sailed from
 England, Nov. 6th, on the Albatross
 steamer, Persian. They disembark at
 Halifax, where they will be taken by
 the C. P. R., and carried to Esqui-
 maut.

FORTY PRISONERS ESCAPE.

OVERPOWERED THE JAILERS
 IN BROAD DAYLIGHT
 Tucson, Ariz., Nov. 14.—Forty of
 the prisoners confined in the jail at
 Cananea have overpowered the jail-
 ers, and escaped in broad daylight.
 The men were charged with different
 offences, ranging from petty larceny
 to murder. This is the second jail
 delivery in a month, and a new pris-
 on is being cut out of the side of the
 mountain, where escape will be ac-
 cording to some authorities as impos-
 sible as impossibility.

those who would imagine that the
 shaft is too well settled to have been
 and it is not surprising to know
 that only twenty per cent. of its
 area is yet settled, over 80 per cent.
 being still in the hands of the forest.
 There are still 150,000 square miles
 unexplored, and of this a considerable
 portion is almost unexplored.
 The province is 150 miles long,
 from north to south, and a thousand miles
 from east to west. Its northern point
 is James Bay, its southern point,
 near Hudson of Chicago, is reached
 by Lake Erie.

Regarding the capabilities of North-
 ern Ontario, which contains
 nearly 1,000,000 square miles, and has
 an area almost equal to that of
 Southern Ontario, little has been
 recently known. In 1900 the pro-
 vincial government organized a com-
 mission of exploration parties, which
 traversed the country from Quebec to
 the Manitoba border, and northward
 to the Hudson Bay shore. The result
 has been to demonstrate the fact
 that the value of the country, espe-
 cially as regards its agricultural re-
 sources, is far greater than had been
 supposed. That northern country con-
 tains great forest wealth, and prob-
 ably great mineral wealth, had been
 generally admitted, but the as-
 sumption that was not looked for by
 many that an agricultural region of
 great fertility, with an acreage much
 greater than that of the whole of
 Ontario at present under crop, ex-
 tended from Lake Temiskaming to
 the east almost entirely across the
 province. To this section which lie
 between the 49th and 50th parallels
 has been given the name of "The
 Great Clay Belt." Almost the whole
 of this region, which contains 210
 square miles, or 1,000,000 acres, is
 suitable for cultivation, and could
 with ease support a million people
 if it were wooded, and it is watered
 by no less than seven large rivers,
 of over 300 miles in length, flowing
 northward to Hudson's Bay. Nor is
 the climate any obstacle to success-
 ful settlement, for it is in the same
 attitude as southern Manitoba and
 Dakota.

Ontario is gradually realizing the
 importance of the discovery of the
 new and rich country. One of its first
 results will be the stimulating of
 railway activity. Afterwards will fol-
 low the gradual settling of the coun-
 try, and the developing of its im-
 portant resources. At present the
 region is unaccessible, but the number
 of railroads projected make it appar-
 ent that it will not long remain so.
 TORONTO.—It is said on good
 authority to-day that a very large
 order for steel rails has been placed
 by Mackenzie and Mann with agents
 of a steel concern in Germany. The
 order is said to be for 1,000,000 rail-
 road rails for 350 miles of track, now
 about at something over a million
 dollars.

GREAT ANXIETY.

OCCASIONED BY THE FAILING
 HEALTH OF SIR WILFRID
 LAURIER.

 fred Laurier's health is such as to
 occasion anxiety to his friends, and
 his medical attendant has ordered him
 away for some weeks for a com-
 plete rest.
 Sir Richard Cartwright will be
 acting premier in his absence. Sir
 Wilfrid will leave on Monday. It
 will probably go to Clifton Springs,
 N. Y.
 OTTAWA.—The list of King's
 birthday honors includes the appoint-
 ment of Sir Richard Cartwright as
 an Imperial Privy Councillor.

pushing down the shaft as rapidly as
 it can be done. The values, still ex-
 tensive, and the ore increasing in
 width. On M. H. 216 another of the
 company's properties, sinking is be-
 ing done by a single shaft. Both
 and at the El Dorado, work will be
 on all winter and several shafts
 will be made from both shafts.
 Their steamer "Caro" made its last
 trip for the season to the different
 mines on Monday the 7th inst. and
 is now laid up at Vermilion Bay
 where she will be rebuilt and en-
 larged for next summer's work.

Mr. H. H. Ahn completed his sec-
 ond mail run for the Baden Powell
 at the El Dorado a few days ago.
 This was most satisfactory. Mr. Ahn
 is now sinking a first class shaft
 and is finding the wonderful value
 of the surface of the Baden Powell, and
 it now looks as if they would work
 fine.

The Viking, another of the El Dorado
 properties, has arranged for winter
 work. A contract has been let to
 sink the shaft to the depth of 150
 feet. The men are well housed and a
 full supply of creature comforts have
 been laid in, so that there will be
 nothing lacking during the long win-
 ters. The values in the shaft have
 been uniformly good and the original
 owners who are now sinking the
 shaft, feel they "gold too cheaply."
 Many other properties have been dis-
 closed to a certain extent on Eagle
 Lake, those on the granite belt, in
 which the above are grouped appear
 to promise better. Not only are the
 owners satisfied, but all visitors
 pleased to judge, thank largely of the
 chances. Gold is there, easily found,
 and it certainly has been found pre-
 viously freely distributed through the
 veins that have been worked on this
 part of Eagle Lake.

THE COAL CAME BACK.

SHIPPED TO ROTEN. IT IS RE-
 TURNED TO NEW YORK

New York, Nov. 13.—The steamer,
 Lady Mildred, and to-day from
 Rottum, and Swansea, and brought 2,
 963 tons of coal. Over 2,000 tons
 was a portion of 10,000 tons of Sch-
 arf and shipped from Philadelphia
 to Rotterdam. A New York concern
 bought the coal at Rotterdam, and ship-
 ped it here on the Lady Mildred,
 thus making the trip twice across
 the Atlantic.

We have not advanced the price of our
 tobaccos. Amber smoking tobacco,
 50c, Currency and Fairplay tobacco
 tobaccos are the same size and price to
 the consumer as formerly. We have
 also extended the time for the redemp-
 tion of our tobacco tags to January 1st,
 1907.

ORGAN RECITAL.

It was a matter of much surprise
 that there was not a larger turn
 out at St. Alban's church to hear
 the enjoyable program provided by
 Mr. Carpenter last Tuesday evening.
 Mr. Carpenter belongs the credit
 of organizing the organ recital in Rat
 Portage. It is a form of musical en-
 tertainment that meets with great
 approval elsewhere. The program the
 other evening was chosen with much
 care and should be commended for
 its variety, reasonable length, and
 the popular yet appropriate charac-
 ter of the pieces. Mr. Carpenter was
 assisted by Miss Mary Logabouard
 and Mr. Sutherland.

Gen. Sir Gordon Drummond.
 The first commission of General Sir
 Gordon Drummond, a soldier whose
 career is of interest to Canada, for
 the active part, he took in the war
 of 1812, is dated September 21st,
 1789. His promotion from the
 first, however, was very rapid. In
 1791 he received his Lieutenant-Col-
 onelcy. Between this date and his
 arrival in Canada as Lieutenant-
 General of the Canadian forces, in
 August, 1813, he had served in Hol-
 land under the Duke of York, in
 Egypt under Abercrombie, and in
 the West Indies under Sir Byr-
 on. Sir George Prevost was the
 first in command in Canada, but the
 winter campaign of 1813-14 was es-
 pecially characterized by the opera-
 tions carried out under Drummond.
 Fort Niagara was taken, Black
 Rock was stormed and the position
 of the village of Buffalo subsequently
 carried. A raid upon Oswego and
 its stores was the success of the
 following spring. Summer saw the
 battle of Lundy's Lane, where the
 General was severely wounded and
 had his horse shot under him, fol-
 lowed by the disaster of Fort Erie.
 In the autumn the retirement of
 George Prevost left him commander
 of the forces and Administrator-in-
 Chief of the Government of the Can-
 ada. He was succeeded in 1816
 by Lieut.-Gen Sir John Sherbrooke.

CONVERTED BY GRAMOPHONE.

With the death at Detroit recent ly of Marshall O. Waggoner, ther terminates a life in which some yet strange events have figured. This is the man, who after a successful bus iness career, after a life of study and research that had made him one of the best informed men in America, after years devoted to combating the Christian religion, became a convert to it through the instrumentality of a gramophone. The conversion was one of the most sensational things that has ever come under the notice of the clergy for many years, and Mr. Waggoner was for months overwhelm ed with letters from the prominent ministers of the day asking informa tion as to his conversion. Mr. Waggoner was a scientist, and, as such, took great interest in the gramophone. He purchased one of the first that was brought to that city and one evening seated alone in his lib rary, surrounded by his parrot, his books, and a fine collection of cur ios was listening to the music of the gramophone when first it gave forth "Nearer, my God to Thee," then "Jesus Lover of My Soul," and, as the notes fell clearly, sweetly on the ears of the atheist, the man who for years had combated and reviled the Christian faith, he felt the tears roll down his cheeks, and, moved by some unknown impulse he knelt for the first time in many years. He re mained on his knees until day was breaking and rose from them as strong an advocate of Christianity, as he had previously been its adver sary. So complete was his conversion that he publicly burned in a bonfire, at the steps of the United Brethren Church his library, one of the most complete collections of atheistic writings in the world.

GETTING OUR COMMERCE AND IN DUSTRY.

Americans are pouring into our North-West. They have already poured into British Columbia. Both these regions are in a fair way to become American, as might without the gift

STARVED OUT.

Many a man has been forced to give up the fight and hang out the white flag of surrender, when lack of food has weakened the men past all power to continue the struggle.

Many a man is similarly starved out of business. His digestion is impaired. His food does not nourish him, and for lack of

strength to carry on the struggle he turns his store over to another.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It restores strength to weak, nervous, run-down men and women.

"About ten years ago I began to be afflicted with stomach trouble, also dyspepsia," writes Mr. Wm. Walters, of Antrim, Ont. "In warm weather I felt worse, and it would throw me into a stamping chill. Was troubled so often that I sometimes thought my end had come. Tried many remedies, but they were only temporary relief. In November, 1900, I bought a bottle of Dr. Pierce's Golden Medical Discovery. I got six bottles and took twelve surrogates, then I began to feel better. I had found I had symptoms of the trouble coming back, so took the sixth bottle and it cured me. I have enjoyed the best of health this summer, and the credit all belongs to your Golden Medical Discovery. I cannot express my many thanks to Dr. Pierce for his remedy for it did so much for me. Words cannot express how severely I suffered. If any doubt the above statement let them address me, and I will take great pleasure in answering."

Dr. Pierce's Pleasant Pellets cleanse the bowels and stimulate the sluggish liver.

Are a True Heart Tonic,

New Food and Blood Enricher. They build up and renew all the worn out and wasted tissues of the body, and restore perfect health and vigor to the entire system.

Nervousness, Sleeplessness, Nervous Prostration, Brain Fog, Lack of Vitality, After Effects of La Grippe, Anemia, Weak and Dizzy Spells, Loss of Memory, Palpitation of the Heart, Loss of Energy, Shortness of Breath, etc., can all be cured by using

Milburn's Heart and Nerve Pills.

Price 50c a box or 3 for \$1.25. All dealers or The Milburn Co., Limited, Toronto, Ont.

CANADIAN CHINESE.

According to Commercial Intelligence, Canada has been pouring chesses into England; at a great rate ever since the season opened in May, and her total shipments are much ahead

Give The Young Ideas An Opportunity to SHOOT.
THE BEE BRAND.

has become such an acknowledged leader among lovers of a good cup of tea, that we are desirous of finding out what the ideas of the young people are on the subject of TEAS and more especially on the —

CELEBRATED BEE BRAND.

To this end we invite all the school children of RAT PORTAGE, NORMAN, and KEEWATIN to write an essay on the subject of—

TEA.

and for these essays we offer the following prizes in Cash.

CLASS 1.— For the best essay written by boy or girl between the age of 14 and 16 years.—FIRST PRIZE—\$5.00 SECOND PRIZE—\$3.00 THIRD PRIZE—\$2.00 Extra Prize for neatness of work \$1.00.

CLASS 2.— For the best essay written by boy or girl between the age of 12 and 14 years.—FIRST PRIZE—\$4.00 SECOND PRIZE—\$2.00 THIRD PRIZE—\$1.00 Extra prize for neatness of work \$1.00.

CLASS 3.— For the best essay written by boy or girl between the age of 10 and 12 years.—FIRST PRIZE—\$3.00 SECOND PRIZE—\$1.50 THIRD PRIZE—\$1.00 Extra prize for neatness of work \$1.00.

CLASS 1.—Essay not to exceed more than 200 words.

CLASS 2.—Essay not to exceed more than 200 words.

CLASS 3.—Essay not to exceed more than 100 words.

All essays for this competition must be mailed to the KING CASH STORES on or before the 10th day of December. The names of the competitors must not be written on the essay but must be written on a separate slip of paper and pinned to the essay. All essays must be accompanied by a letter from the parents or guardians of the competitor stating the age and that the essay is entirely the work of the child without the assistance of any older person.

The essays will be submitted without the names of the competitors, to a committee of gentlemen, whose names will be published later and the result of their judgment will be published in the local papers.

Prizes will be awarded on the 20th day of December. This competition is open to all corners of the right age. There are no entrance fees, but we recommend those who are seeking inspiration to drink—

"Jesus Lover of My Soul," and as the notes fell clearly, sweetly on the ears of the atheist, the man who for years had combated and reviled the Christian faith, he felt the tears roll down his cheeks. And, moved by some unknown impulse he knelt for the first time in many years. He remained on his knees until day was breaking and rose from them as strong an advocate of Christianity as he had previously been its adversary. So complete was his conversion that he publicly burned in a bonfire, at the steps of the United Brethren Church his library, one of the most complete collections of atheistic writings in the world.

GETTING OUR COMMERCE AND INDUSTRY

Americans are pouring into our North-West. They have already poured into British Columbia. Both these regions are in a fair way to become American, as might without the gift of prophecy have been foreseen. We are now told that an American syndicate is going to buy up New Ontario and turn it into an American settlement. Americans are investing largely in Canada and getting our commerce and industry into their hands. All this, by especially the influx into the North-West is received with satisfaction. British statesmanship is assiduously cultivating American friendship, and even throwing out more hints of a more intimate alliance. Meantime, Canadian protectionists are appealing to our patriotism for the adoption of an anti-tariff, and the public schools of Toronto are ordered to revive anti-American feeling in the breasts of children by boasting their flag on the anniversary of the battle of Chateaugay. It is a curious jerry in the cross-roads of policy and sentiment.

CANADIAN CHEESE

According to Commercial Intelligence, Canada has been pouring cheese into England at a great rate ever since the season opened in May, and her total shipments are much ahead of those of last year. Yet prices have kept up all the summer and have lately commenced to rise rapidly. Values now being from 6s. to 7s. more than at this time last year. An important reason for this has been the high prices of meat in the United States, which have led to a larger consumption of cheese there. The quantity of cheese in sight in England and Montreal, at the beginning of this month is some 154,000 boxes less than last year. The home market has again turned out to be a small one and its market value is so high as to materially enhance the chance of the Canadian product, but Commercial Intelligence thinks shippers would be well advised not to let their advantage too far.

WAKE UP, BABY

A New Gain for Mothers.
Baby's awakening ought to be looked forward to as a pleasure, not dreaded as a scourge. He should awaken bright, merry, and full of fun, refreshed by sleep, ready for a good time.
How many mothers dread his awakening hours, knowing that he will keep everyone miserable until he goes to sleep again for his good food. These crying fits are the terror of every inexperienced mother. Mrs. Gabriel Barnes, six Mile Lake, Ont., is a mother who has learned how to deal with this trouble can be best met, and writes us as follows: "My baby suffered much from indigestion, and was cross and restless. I gave him medicine, but they did not help him. Then I got a box of Baby's Own Tablets, and they helped him almost at once, and have done him so much good good that I would not be without them. I can recommend Baby's Own Tablets to all mothers, as the best medicine I have ever used for children." These tablets are guaranteed to contain no opiate or harmful drug and can be given with absolute safety to the weakest, youngest infant. Sold by all druggists or sent by mail, post paid, at 25 cents a box by writing direct to the Dr. Williams' Medicine Co., Brockville, Ont., or Schenectady, N. Y.

EDITORIAL NOTES

The American press is somewhat charmed that Canada should have led the way in spanning the Pacific by cable, but is frankly complimentary nevertheless. A company had in hand the project for a cable to Manila by way of Hawaii and it is promised that it will be completed by July, 1903.

During a marriage ceremony at Northeast Harbor, a week ago, the long veil of the bride, in some unaccountable way, became loosened, and fell. A superstitious bride would have been horror-stricken at such an occurrence, perhaps would have faint ed, perhaps postponed the event. Not so this bride; she just stopped the proceedings long enough the readjust the refractory adornment, glanced smilingly at the groom, and then, with a let-the-progression-move look toward the minister, resumed her position at the altar. The reverend

gentleman proceeded, but it was noticed that he gave an extra tug at the nuptial knot.

How does one generation of men succeed another? The fathers are not swept away in a body to make room for the children, but one by one.

Consumption

Salt pork is a famous old-fashioned remedy for consumption. "Eat plenty of pork," was the advice to the consumptive 50 and 100 years ago.

Salt pork is good if a man can stomach it. The idea behind it is that fat is the food the consumptive needs most.

Scott's Emulsion is the modern method of feeding fat to the consumptive. Pork is too rough for sensitive stomachs. Scott's Emulsion is the most refined of fats, especially prepared for easy digestion.

Feeding him fat in this way, which is often the only way, is half the battle, but Scott's Emulsion does more than that. There is something about the combination of cod liver oil and hypophosphites in Scott's Emulsion that puts new life into the weak parts and has a special action on the diseased lungs.

A sample will be sent free upon request. Write to the Proprietor, Dr. J. C. Scott & Co., Ltd., 1, Abchurch Lane, London, E.C. 4, England.

the old drop off and the young come on, till a day is reached when none of these remain that once were here. How does some form of human speech become extinct? About a hundred years ago an old lady named Dolly Denbrough, died in Cornwall. She could speak the Cornish language after her death there was nobody that could. This quietly and the living Cornish language became a dead language, and in a like unobtrusive manner have been wrought most of the new beginnings which have changed and are changing the earth.

TORONTO COUNTERFEITERS.

STEWART PLEADS GUILTY TO BUSINESS CONFIDENTIALITY TO THE QUEEN CITY

Toronto, Nov. 13.—J. J. Stewart charged with the forgery of the Dominion of Canada bills in the police court to-day pleaded guilty. Two specific charges were made, "uttering counterfeit Dominion one dollar bills in October, last, and having placed for the manufacture of such bills in his possession, also having glass plates in his possession resembling Dominion dollar bills."
Mr. and Mrs. Raymond pleaded not guilty to the charge of having a counterfeiting apparatus in their possession and were remanded for a week. Inspector Stark now says there is no Montreal end to the business and Stewart and the Raymonds constitute the whole outfit.

LEOPOLD'S AILMENT.

RUMOR THAT HE IS SUFFERING FROM MENTAL ABERRATION—AN EXTRAORDINARY DECISION.

Vienna, Nov. 13.—The Montagu, Zeitung, says that there is a rumor that King Leopold, of Belgium, is suffering from mental aberration. This has possibly led to the extraordinary decision that the Count of Flanders, heir to the throne, should return to Brussels at once.

BOSTON—Mascagni, the Italian composer, was arrested here as a result of the disagreement with his managers. Bail in the sum of \$10,000 was accepted.

NEW YORK—Mr. John Mitchell, announces that he will not be a candidate for the Presidency of the American Federation of Labor.

IN THE PUBLIC
EYE.

Emperor William is the mightiest hunter of Germany. The Royal Game keeper's Bureau has kept a record of the Emperor's hunting, and finds out that during thirty years he has killed 47,443 pieces of game, including 3,989 deer, elk or chamois, 2,823 wild boars, 19,508 hares or rabbits, and 18,891 pheasants.

(())

An angel, intended professor of one of the Welsh Universities was observed walking down the street with one foot on the curb and the other in the gutter. "Good morning, professor," said a friend. "How are you?" "Well," said the professor, "I thought I was all right, but for the last half hour I have been lumping in the most unaccountable manner."

(())

Is this the first appearance of the following? It is from the London Times of October 14th, 1892:—One of the "Dover inn-keepers who lately complained to a French gentleman, that his house was greatly infested with rats, and that he would willingly give a considerable sum to get rid of them, was, on the following morning, after the Frenchman had received his bill, accosted by him. "Sure, I shall tell you vich way you shall get rid of de rat." "I will be obliged very much to you if you really can," replied the landlord. "Well den, only charge de rat as you here charge me, and I will be d—d if de rat vill ever come to your house again."

(())

An English contemporary tells the following good story of muscular Christianity. In a smoking room at a hotel in Dublin, where sat a huge priest, some men were scoffing stupidly about miracles. Up rose the big priest and offered to perform a miracle. He seized the most blatant of the scoffers, and carried him to the door, and kicked him out into the street. When the unhappy youth returned the priest asked: "An' did ye break your neck?" "I did not," said the answer. "Well, it's a miracle ye didn't," answered the priest.

ALL IS WELL NOW.

Doukhobors Narrowly Escaped being Frozen to Death.

ANGEL FOOD.

All that glitters is not brass.

A woman's heart is often nearer Right, than a man's hand.

It is a fine thing to make yourself needed.

Fashionable society is usually nothing but canned life. Look out for explosions.

Should not the men and women of earth appeal to us more than the Angels of Heaven?

The selfish wish to govern, is often mistaken for a holy zeal in the cause of humanity.

Women under thirty seldom know much, unless Fate has been kind and cuffed them thoroughly.

Men differ, not so much in their beliefs about the proper religion, as in their conception of what religion is.

Peace comes to him who brings it, and joy to him who gives it; but a perfect understanding comes to him only who loves perfectly.

Our quarrel with the world is only our quarrel with ourselves. When we are at peace with self we are at peace with God.

To love one's friends; to battle in the Sunshine of Life; to preserve a right mental attitude—the reception attitude, the attitude of gratitude—and to do one's work—these make the sum of ideal life.

FRA. ALBERTINES.

AN OLD ENEMY.

NEWS COMES OF AN ALARMING OUTBREAK OF SMALL-POX.

News comes from Arthabaska, of an alarming outbreak of small-pox in the adjacent parish of St. Norbert d'Arthabaska. At latest accounts, the local health authorities had caused no less than twenty-seven houses, to be placarded and quarantined and the disease was assuming the epidemic form. This is all subject, but in view of the proximity of the information to hand yet on the city of the danger, it is sufficient to put our own authorities on their guard and to impress them with the necessity of taking precautionary measures as soon as possible. However, it is sincerely to be hoped that the occasion will not be used to renew the alarmist campaign of 1913.

about miracles. Up rose the big priest and offered to perform a miracle. He seized the most blatant of the scoffers, and carried him to the door, and kicked him out into the street. When the unhappy youth returned the priest asked: "Am I to break your neck?" "I did not," said the answer. "Well," it said, "miracle ye didn't," answered the priest.

ALL IS WELL NOW.

Doukhobors Narrowly Escaped being Frozen to Death.

Winnipeg, Nov. 13.—Frank Pedley, superintendent of immigration for the Dominion government, at last night for Ottawa.

Mr. Pedley said the latest advices from Yorkton, respecting the Doukhobors, were of the most gratifying character.

The story that one of the men has his ankle broken in the scrimmage at Minnedosa was untrue. The man referred to was lame, and had been so for some time past.

About half of the Doukhobor women and children left Yorkton in wagons and in other conveyances yesterday to join their husbands, who would reach the villages before them. In spite of aversion to annual labor they got into the wagons and many appeared anxious for the opportunity to return.

The Doukhobors, Mr. Pedley said, were at that hour safely in their villages. They had asked him for some privileges in being allowed to remain with friends at other villages, than their own, and these had been granted.

General Colonization Agent Speers, interviewed, said, "We had little difficulty with the Doukhobors at Yorkton. When they did not march, vol- untarily, we got them to move along with a little persuasion. They are going back to the villages without any difficulty."

"That was a great move you made at Minnedosa."

"Yes. We got them into the rink, and then filled it with a lot of fine straw to make them as comfortable as possible."

"Were they afraid of the cold?"

"No. They tried once to force their way out of the rink when they knew the weather was very cold."

James Pearson, a delegate from Iowa, passed through Winnipeg yesterday on his way to the south. He was in Minnedosa during the recent troubles with the Doukhobors.

"It was lucky the government got them corralled," he said. "The thermometer was below zero and all would have frozen to death had they been allowed to wander."

NEWS COMES OF AN ALARMING OUTBREAK OF SMALL-POX.

News comes from Arthabaskville, of an alarming outbreak of small-pox in the adjacent parish of St. Norbert, Arthabaskville. At latest accounts, the local health authorities had caused no less than twenty-seven houses, to be placarded and quarantined and the disease was assuming the epidemic form. This is all subject, but in view of the proximity of the information to hand yet on the city of the danger, it is sufficient to put our own authorities on their guard and to impress, with the necessity of taking precautionary measures as soon as possible. However, it is sincerely to be hoped that the occasion will not be used to re-new the alarmist campaign of last year and to make a harvest for anyone by playing needlessly upon the fears of the public. This community has already had enough of all such ridiculous and expensive nonsense.

A Lady Says
Paine's Celery Compound
has Been Worth Hundreds of Dollars To Me.

A Happy and Complete Cure After
Eleven Years of Awful Agony.

All weary, disheartened and sick people and those who have lost faith in the remedies they have used in the past, because none of them have given indications of cheering results, should now be filled with a strong determination to make use of the one medicine that cures disease—the new agent of new life that saves hopeless and despairing sufferers after all other agencies and means fail.

The thousands of victims of tormenting neuralgia after reading the testimony of Mrs. G. H. Parker, of Winona, Ont., must see, that to avoid a continuance of suffering and the possibility of sudden death, it is absolutely necessary to use Paine's Celery Compound—the only medicine that successfully banishes neuralgia, and kindred nerve diseases. Mrs. Parker says:

"I have been a great sufferer from neuralgia for nearly eighteen years, and my sufferings at times were so bad that words fail to describe them. After having tried a host of remedies, I was persuaded to use Paine's Celery Compound. I am happy to say that I am a different woman and am completely cured. I can recommend Paine's Celery Compound; it has been worth hundreds of dollars to me."

LONDON.—The King has authorized a medal for officers of the mercantile marine who assisted in the conveyance of troops to South Africa.

HAD SIXTY-TWO CHILDREN.

PETITION TO ITALIAN GOVERNMENT TO PENSION THE MOTHER.

London, Nov. 13.—A Naples' despatch to the Daily Mail says:—A petition signed by 3,000 persons has been presented to the Italian Government asking for a pension of £72 a year to be conferred on a woman named Maddalena Granetta, who has given birth to sixty-two children—fifty-nine boys and three girls—during her married life.

In 9 yrs. she presented her husband with eleven sets of triplets, three groups of quadruplets, one group of six, the other eleven children came singly.

She is now fifty-seven years old and incapable of work.

The Children are Delighted With It.

Malt Breakfast Food
Builds Them up in Flesh
Bone and Muscle.

Malt Breakfast Food is the only cereal food that children will keep to and relish from day to day. It has a delicious flavor that captivates the taste and makes it a favorite. Oatmeal and other forms of grain foods are injurious to the stomach, and destroy the organs of the little one because of the presence of insoluble starch. Malt Breakfast Food is free from starch, therefore easily and quickly digested by the youngest of children. Malt Breakfast Food is specially recommended for the babies after weaning. It affords all the elements for solid flesh forming and bone and muscle building. Try Malt Breakfast Food, dear mothers, and it will give you wonderful results. Sold by grocers everywhere.

NOTICE.

Notice is hereby given that the partnership heretofore existing between the undersigned Ellen Tynan and Raymond Kershaw under the name, style, and firm of "R. Kershaw" as Hotel Keepers at Galt Block, Ontario, under articles of partnership dated in February, 1902, is this day dissolved by mutual consent.

The said Raymond Kershaw is entitled to all the partnership assets, business, and good-will, accounts, credits, goods, chattels, and effects, and will continue the business for his own benefit.

All accounts owing to the said firm are to be paid to the said R. Kershaw, who will pay all the liabilities properly incurred in connection with said business under the said articles of partnership.

Dated this 20th day of October, 1902.

Curse OF DRINK

CURED BY
COLONIAL REMEDY

No taste. No odor. Can be given in glass of water, tea, or coffee, without patient's knowledge.

Colonial Remedy will cure or destroy the diseased appetite for alcoholic stimulants, whether the patient is a confirmed inebriate, "tippler," social drinker of drugged, or impossible for anyone to have an appetite for alcoholic liquors after using Colonial Remedy.

Indorsed by Members of W. C. T. U. Mrs. Moore, Superintendent of the Woman's Christian Temperance Union, Ventura, Cal., writes: "I have tested Colonial Remedy on very obstinate drunkards, and the cures have been many. In many cases the remedy was given secretly. I cheerfully recommend and endorse Colonial Remedy. Members of our Union are delighted to find a practical and economical treatment to aid us in our temperance work."

Sold by druggists everywhere and by mail.
Price \$1. Trial package free by writing or calling on Mrs. M. A. Cowan, (for years member of the Woman's Christian Temperance Union) 2264 St. Catherine St., Montreal.

Sold in Rat Portage, by Joseph Johnson, Second Street.

BIRTH—On November 13th to Mrs. and Mrs. T. H. Roberts, a daughter.
Alexander McKenzie of the Rainy

Mrs. N. Harbottle and children who have been visiting in Toronto, this summer, stopped off for a short visit to Mrs. C. W. Chadwick, Lake-side, en route to her home in Edmonton, N. W. T.

Dr. Geo. and Mrs. Menzies, who are well and favorably known in this vicinity sailed from Montreal on Saturday for Central India. They will take up missionary work in connection with the Presbyterian church.

A silk train, laden with eleven cars of valuable merchandise passed thru here on Monday en route from the coast. It was perhaps the most valuable consignment that has ever gone thru here, being valued at \$5,000,000.

The Church of Christ services will be held in Lily Hall, Preaching Sunday at eleven a. m. and seven p. m. by the pastor, M. P. Hayden. Sunday School at 3 p. m. Prayer meeting on Wednesday evening at eight o'clock. All are invited.

The new band held their first practice on Tuesday night under the direction of W. C. McLean. There was a good attendance and the first practice argues for anything, it will not be very long before we have the

YOUR TAXES ARE NOT PAID.

If they are then the following is not of importance to you.
Because interest is not added to unpaid taxes until December 1st, that does not mean that you have until that date to pay them in. An legally due now, your 11 month notice has expired. Your collector will not accept a check. If so, it may. If not, it may. Do not let your taxes go for the month of November. Your taxes are not paid. If you do not pay them by the 1st of December, you are liable to live up to the law. Where there are arrears, a bank will start collecting. It is not a matter of time. It will have a bank of arrears. It is necessary, collecting, 25 cents remaining unpaid. After November 1st, the 25th, 1902. This is absolutely the latest date I can make of collecting any tax as per contract.
If on read: it is a very serious self. Well I have always paid my taxes, remember that in a time, it is time your taxes were entered in my cash book.
